In 1994 I completed my study at the University of Konstanz (in Bodensee - Germany) successfully with the academic degree of international economics and since 1996 I have been working actively as language intermediaries for the Tigrinya and Amharic languages. As a translator I transfer your documents into perfect German or into Tigrinya or Amharic. Likewise I translate Tigrinya, Amharic into and/or from the English language.

To those who plan a business or cultural projects in Eritrea, or Ethiopia I carry out consultation; likewise I provide support in localization of your Website for the Eritrean or Ethiopian linguistic area.
